CAREER OVERVIEW

I have over **18 years of professional experience in web development, graphic design, and UX/UI design**, with extensive expertise in developing, customizing, and maintaining websites and digital platforms.

My web development experience includes **CMS platforms such as Joomla, WordPress, Shopify, and Magento**. I have strong experience in designing and customizing website templates using **HTML, CSS, and related technologies**, as well as developing and modifying modules, components, and core functionalities using **PHP, MySQL, JavaScript, jQuery, and ActionScript**.

In addition to web development, I have over **18 years of experience in graphic design and UX/UI design**, with professional expertise in creating high-quality visual materials for both digital and print applications. This includes designing **print-ready posters, banners, large-format graphics, marketing materials, and promotional content**.

MY TECHNICAL AND CREATIVE SKILL SET INCLUDES:

- **Web Development:** PHP, MySQL, JavaScript, jQuery, HTML5, CSS3
- **CMS & E-commerce:** WordPress, Joomla, Shopify, Magento
- **Graphic & UI/UX Design:** Website interfaces, templates, branding, digital graphics, and user experiences
- **Adobe Creative Suite:** Photoshop, Illustrator, InDesign, After Effects, Audition, Premiere Pro
- **Additional Technologies:** ActionScript, SWF, JavaScript, jQuery
- **Print & Production:** High-resolution, print-ready posters, banners, and large-format materials

My combination of **technical development expertise and strong creative design skills** allows me to manage projects from concept and design through development, customization, and final production.

Accomplishments

I've developed around 50 Website projects including E-Commerce projects and Fully dynamic portal systems using various CMS. Also I created total of over 100 websites both static HTML, HTML5, Landing pages.

I'm a good teamworker. If it's necessary, I prefer to work alone on projects and individually, built over 100 websites, including Complete E-Commerce Systems, portal systems, online booking management systems, hospital inquiry and many more.

Work experience

- 2008 – 2026 – Iprojects Inc. – CEO, Founder, Lead developer
  Ulaanbaatar, Mongolia

  Established my Website development company. Worked on over 30 dynamic websites, 3 portal systems and an E-Commerce software.

- 2013 – 2015 ComfyBody Inc, (www.comfybody.com) - Senior webdeveloper/designer
  Chevy Chase, MD, USA.

  Due to expansion and company relocation, i needed to change my work. I've developed main website, advertisement materials, and any other works related to graphic designs.

- 2015 – 2015 Crystal Press Inc - Lead designer
  Washington D.C. USA.

  Professional print media designs including brochure, e-books, guides, corporate introductions, interactive media software, Large scale printing.

- 2016 – 2026 JMD Group Inc (www.JMDFurniture.com) - Lead designer, Head of Creative Department.
  Temple Hills, MD, USA. | Washington D.C. USA. | Arlington VA, USA. |

  Responsible on Main website development, administration and concept development, I've been working with JMD Group on E-Commerce website, Real estate Agency website, Corporate website and worked on all Marketing advertisement materials including : Print media, Social media advertisement.

  Also I worked on task management software, company financial software customization and new products design (product design, package design and store concepts)

I've worked in IPROJECTS for over 5 years since the establishment of the company in Ulaanbaatar, Mongolia in 2008. IPROJECTS is a technology development complany which used to work on government/individual projects like connecting website datas to local intranet webservers, e-commerce/payment gateway solutions for bank & accounting organizations.
